

STOP THE MADNESS

Are one of these companies taking away 15 – 30% of your restaurant's profits without taking away your food?

UBER
eats

GRUBHUB™

We certainly understand that these companies provide a valuable service for delivering food from your restaurant but certainly not from pick-up or curbside delivery. Shift4 Payments has the solution for this money drain you are in. Shift4 (NYSE: FOUR) is one of the largest merchant providers and currently processes for over 40% of all hospitality transactions in the United States including many of the national chain restaurants and 200,000 independents. In collaboration with online ordering expert TakeOut7 here is the excellent program we can offer your restaurant.

- ⦿ We will take a copy of your menu and build for you a custom online ordering platform which can be used from a desktop computer or mobile device.
- ⦿ We will build you a custom Shift4Shop for free with no monthly fees to link your online ordering button.
- ⦿ We will pay to register a domain of your choice that you will own.
- ⦿ We will provide you with a free Tablet in order to receive your online orders.
- ⦿ We will put a page on the new site for you to sell your own gift cards.
- ⦿ We will reclaim your Google My Business listing for you from the delivery company that took over your online ordering button and replace it with yours.
- ⦿ We will market your restaurant through various methods including printing table tents with a QR code so diners can add your menu in their phone.

What will this cost me?

Just **\$1.50** per online order and a flat **3.50%** for all credit cards. At your option we can even add a **\$1.50** processing fee to each order so you will pay **zero** for the order.

How do I sign up?

Go to **www.myshift4shop.com** and sign up for free in under 5 minutes. We will be in touch within 24 hours to coordinate the entire setup with you. For any questions please call Kevin at **215-530-9688**.
